

United Steelworkers Local 9511

Local Union Vice President

October 28, 2026

The Local Union Executive Committee (LUEC) has appointed a new Local Vice President in accordance with the Constitution of the USW, following the permanent vacancy in the office created by the departure of Ryan Baptiste (DE4, Huntsville) from the Bargaining Unit. Ryan has accepted a permanent supervisory position with Serco which should bring some stability, consistency, and communication to our members in the Orillia and Huntsville DTCs. We look forward to working with Ryan on ensuring our members have safe and gainful work in that area. We wish him every success in his new role.

The new Local Vice President is Danielle Bartley (DE4, Downsview). Danielle was duly appointed following majority support from the rest of the LUEC. Danielle may be known to you through her many years as a DE in Pt Union prior to joining Downsview, or more recently as the Chair of the Local's Women of Steel Committee (WoS). Prior to accepting the Vice President's role, Danielle was the Financial Secretary for the Local Union. The Executive is excited to have Danielle in this VP role, as she has been a staunch advocate for members in both a Union Steward capacity, as well as at the bargaining table. Danielle will be bringing a strong commitment and energy to any tasks that come her way.

Congratulations to both Danielle and Ryan on their new opportunities!

Mark Gardner
Local Union President
